

METAPHYSICAL BIBLE INTERPRETATION

Living In Heaven Revelation Revealed

Introduction

John, "...the disciple whom Jesus loved..." (Jn 21:20), had great insight into the Christ level of awareness. In the Revelation, concealed in mystery, he paints a picture of his awareness and of the journey towards its attainment.

Shrouded in ancient symbology, this book was planted in race consciousness nearly two thousand years ago. Carefully nurtured by mystics and sages, our understanding of its significance has grown to where some are now prepared to pick its fruit.

Some have picked too early, before it was ripe, and have been left with a sour taste in their mouths. Whether you feel that you are sufficiently matured in spiritual awareness to savour this delicacy or not, this material will aid you in your preparation.

The Bible is our story. The story of our individual soul's unfoldment. We all exist somewhere in each of these stories. By opening ourselves to the lessons available through the symbology, we open ourselves to experiencing life more awake and alive, a more fulfilling and joy filled existence.
